Wi-Fi cameras secure property

Technology makes it easier for farmers to keep an eye on their livestock and homeowners to monitor their property.

With Nest Wi-Fi connected cameras, you can see and hear livestock or monitor grain bins and farm equipment on your smartphone or tablet. Homeowners can use Nest cams to watch their property or keep tabs on children playing in the yard.

Nest Cam indoor and outdoor models combined with an outdoor Wi-Fi network keep an eye on what matters to you.

With advanced motion-sensing technology, if something is up, it sends an alert to your smartphone or tablet. Nest Cams stream securely in 1080p HD. Optional cloud storage

maintains recordings for 5, 10 or 30 days and offers a user-friendly interface to review footage.

Technology Solutions is an authorized Nest Pro selling and servicing the Nest Wi-Fi connected smarthome suite of

cameras and thermostats.

To see a demo or learn how Nest cameras can enhance your farming operations or protect your home, contact the professionals at Technology Solutions at (563) 374-1322.

Alex Rossmiller new plant tech

ALEX ROSSMILLER

Alex Rossmiller has joined the F&B team as a plant technician.

He will assist in outside plant construction and cable locating as well as perform customer installations and repairs of Internet, video and phone services.

Alex has telecom plant construction experience having worked for a utility construction contractor.

Disposing of old computers

Getting rid of an old computer? You can be sure its hard drive doesn't become a treasure chest for identity thieves if you take a few precautions to protect your sensitive data.

When you delete a file, the links to reconstruct the file disappear. But the bits and pieces of the deleted file stay on your computer until they're overwritten, and they can be retrieved with a data recovery

Disposing of old computers

program. To remove data from a hard drive permanently, the hard drive needs to be wiped clean. A software program that overwrites or wipes the hard drive many times is your best choice.

Depending on what you plan to do with your old computer, an alternative is to remove the hard drive and physically destroy it.

For additional suggestions on properly disposing of your old PC, consult the techs at Technology Solutions by calling (563) 374-1322.

F&B Communications has a job opening for a full-time **Plant Technician**. Duties to include cable plant construction, maintenance, locating and fiber splicing as well as customer installations and maintenance.

F&B is also seeking a part-time **Customer Service Representative** to serve as the primary point of contact for telephone, Internet, video and security subscribers.

We're seeking employees with experience, but will train a high achieving candidate with a desire to learn. For details and application information, visit <http://www.fbc-tele.com/employment>

F&B Communications, Inc., is a telecommunications provider who provides basic and enhanced services within its service territory, including services supported by Federal Universal Service funds and eligible for Federal Lifeline assistance. Basic services are offered at the following rates and charges:

	Monthly Service Charges
Single party, voice grade residential service, including local usage	\$18.00
Federal Subscriber Line Charge – Single Line	\$ 6.50

Customers of basic residential service have access to long distance, directory assistance, and operator service providers of their choice, at rates established by those carriers.

Toll Blocking is available at no charge for low income customers that qualify.

Emergency 911 Services are provided and a surcharge is assessed at governmental rates

Basic residential service is available as a Lifeline service. Lifeline is a government benefit program which provides a monthly credit toward a qualified low-income subscriber's telephone bill. Only eligible low-income consumers may enroll in the Lifeline program. Consumers who meet eligibility criteria must also complete documentation necessary for enrollment. Lifeline assistance is non-transferable, and eligible subscribers may receive assistance from only one wireline or wireless telecommunications provider per household. Consumers who willfully make false statements in order to obtain Lifeline benefits can be punished by fine or imprisonment or can be barred from the program. If you have any questions regarding the company's services or you want to apply for Lifeline telephone assistance, application forms can be obtained from F&B Communications at 103 Main St. N., Wheatland, IA 52777 or by calling (563) 374-1236.
